Appropriateness of Resource Utilization

- ☑ Were efforts made to ensure equal representation by men and women at all levels of investment management and technical assistance delivery?
- ☑ How did the participation of women in investment management affect GE results?
- ☑ How did the absence/inclusion of gender expertise in investment management affect GE results?

Informed and Timely Action

- ☑ Did monitoring adequately measure progress in achieving GE results?
- ☑ Were risks associated with GE and gender-based constraints adequately monitored?
- ☑ Was there adequate understanding and acceptance of the need to promote GE among stakeholders? What more could the project have done to increase stakeholder commitment to CIDA's GE objectives?
