

**Rebecca Audsley**

**Climate Change Manager and Environment Team Leader, SAC Consulting, SRUC**

**Greece**

Rebecca is Environment Team Leader and Project Manager for the Scottish Government funded Farming for a Better Climate and Farming and Water Scotland initiatives within SAC Consulting, a division of SRUC (Scotland's Rural College; formerly the Scottish Agricultural College).

Farming for a Better Climate works with nine volunteer climate change focus farmers and local discussion groups across Scotland to explore practical, low cost climate change mitigation and adaptation measures farmers can adapt and implement, benefiting farm business efficiency and reducing greenhouse gas emissions from routine practices.
