

# Market integration: mapping market sheds

Understanding functioning and interactions

WAF

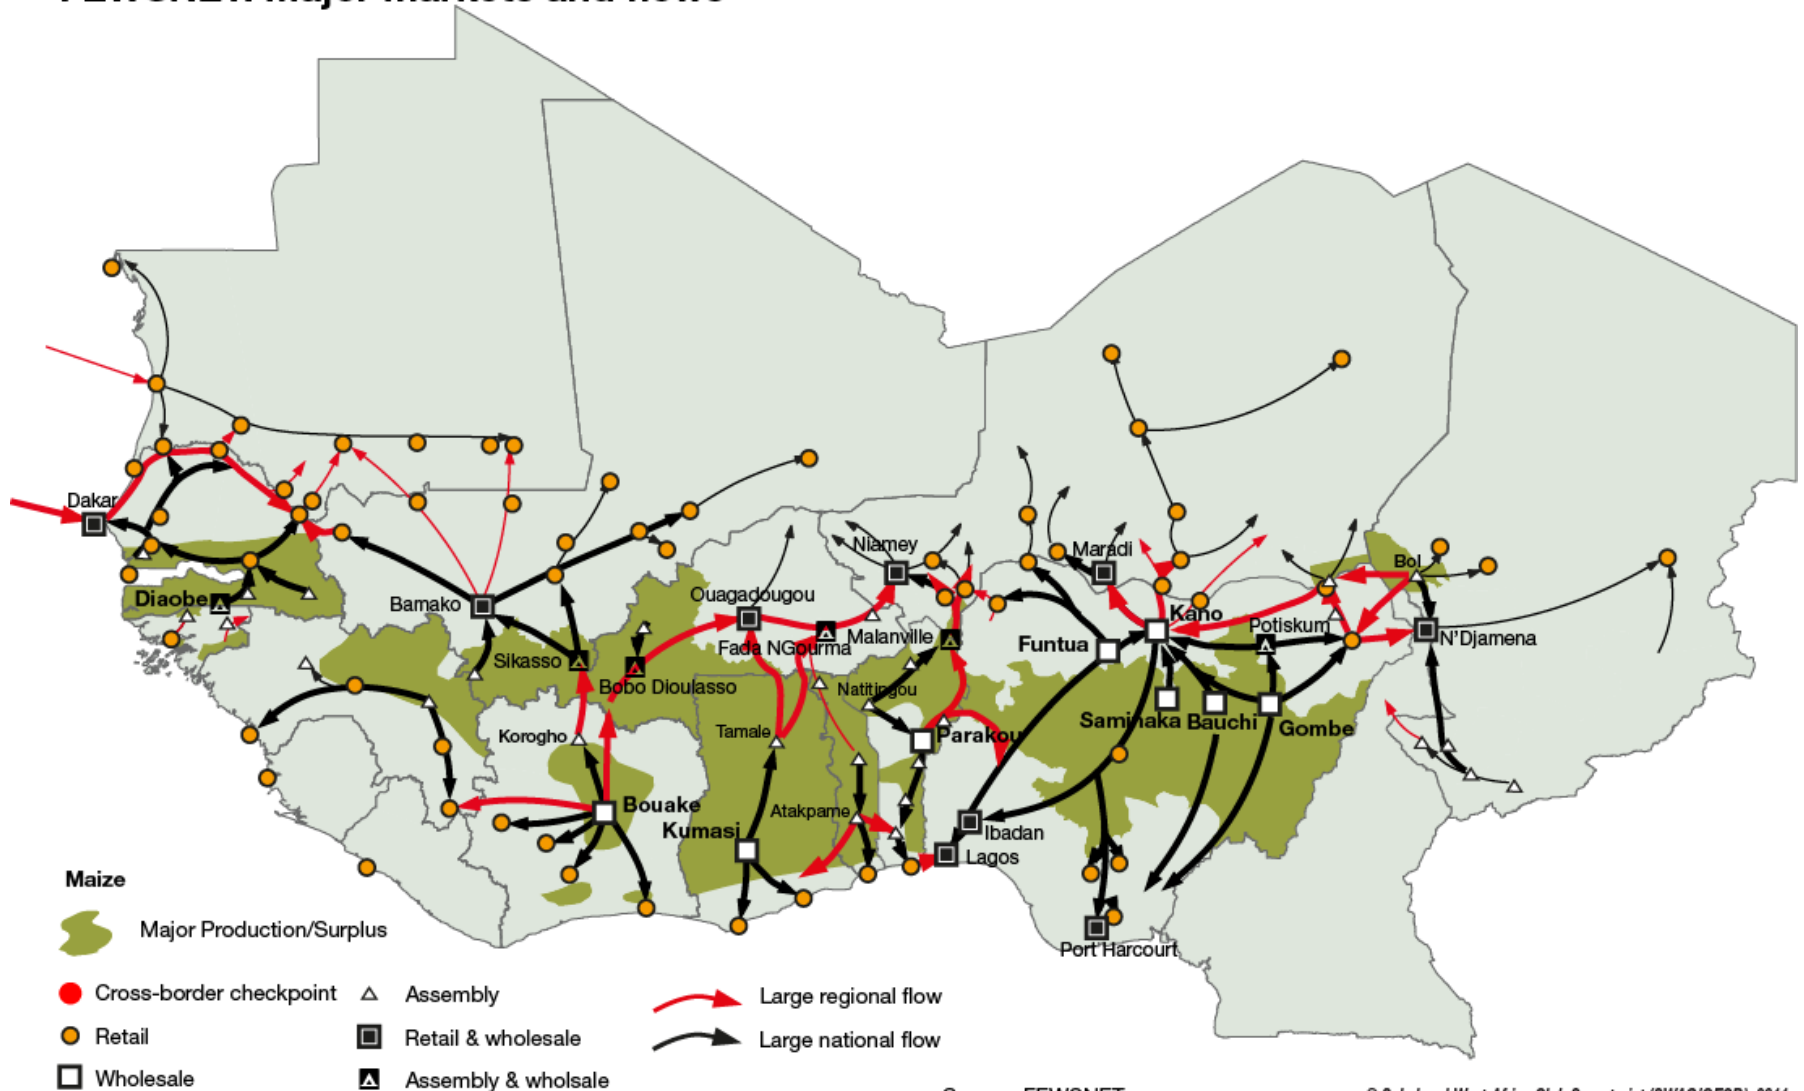

Sahel and West Africa Club Secretariat (SWAC/OECD)  
West African Futures: settlement, market and food security  
By Philipp Heinrigs, 28 OCT 2011

[www.oecd.org/swac/waf](http://www.oecd.org/swac/waf)

- Food security is market
- Market is regional
- Importance of better understanding

## Urban network and flows

- Functioning: directions, links, prices, costs, size
- Interdependence: strategy and policy formulation, BUT also impact evaluation
