

## Table of Contents

<b>Preface by Angel Gurría, OECD Secretary-General</b> .....	9
<b>Glossary and Acronyms</b> .....	11
<b>Executive Summary</b> .....	15
<b>Introduction – Business and Climate Change: the Broad Picture</b> .....	19
<b>Chapter 1. Accounting for Corporate Emissions</b> .....	27
1.1. Trends in corporate accounting and reporting of GHG information .....	29
1.2. Emerging practices and standards .....	36
1.3. Challenges .....	42
Notes .....	47
<b>Chapter 2. Achieving Emissions Reductions</b> .....	51
2.1. Companies' motivations to reduce GHG emissions .....	52
2.2. Establishing GHG emission reduction plans .....	58
2.3. Putting GHG emission reduction at the core of business organisation .....	65
Notes .....	69
<b>Chapter 3. Reaching Out</b> .....	71
3.1. Managing emissions throughout the supply chain .....	72
3.2. Engaging consumers .....	80
3.3. Contributing to the development and implementation of climate change policies .....	88
3.4. Sharing the benefits of innovation and contributing to technology transfer .....	92
Notes .....	96
<b>Annex A1. OECD Survey on Business Practices to Reduce Emissions</b> .....	99
<b>Annex A2. OECD Guidelines for Multinational Enterprises and Climate Change</b> .....	105
<b>Bibliography</b> .....	109
<b>Boxes</b>	
0.1. Business and environmental performance and the role of policy .....	20
0.2. The OECD Guidelines for Multinational Enterprises .....	22
0.3. OECD Survey on business practices to reduce GHG emissions .....	23
1.1. The Carbon Disclosure Project .....	30
1.2. Regulatory requirements on corporate reporting of GHG emissions in selected countries .....	31

1.3.	Corporate accounting and reporting of GHG emissions in China, India and South Africa . . . . .	33
1.4.	Climate change risks for business . . . . .	34
1.5.	SEC interpretative guidance: how climate change may trigger disclosure requirements . . . . .	36
1.6.	Categories of emissions as defined by the GHG Protocol . . . . .	37
1.7.	Selection of voluntary GHG reporting schemes . . . . .	39
1.8.	The Climate Disclosure Standards Board (CDSB) . . . . .	41
1.9.	The GHG Protocol . . . . .	41
1.10.	Example of a GHG certification scheme: the Carbon Trust Standard . . . . .	46
2.1.	Overview of carbon emission trading markets. . . . .	55
2.2.	GHG emissions regulation in China, India and South Africa . . . . .	56
2.3.	GHG Protocol: 10 steps for setting GHG emission reduction targets . . . . .	59
2.4.	Reducing GHG emissions and saving costs through energy efficiency. . . . .	61
2.5.	Involving employees in achieving low-carbon performance. . . . .	68
3.1.	Reducing emissions through the supply chain: example from General Motors in China. . . . .	73
3.2.	Identifying mitigation opportunities in value chain: selected company examples . . . . .	75
3.3.	Greening the Supply Chain Initiatives of the World Environment Center . . . . .	77
3.4.	Informing consumers on ways to reduce GHG emissions . . . . .	82
3.5.	Business initiatives to facilitate low-carbon consumption. . . . .	86
3.6.	Business and NGO partnerships . . . . .	91
3.7.	Business' contribution to clean technology transfer: examples . . . . .	93

## Tables

1.1.	Selected corporate reporting guidelines . . . . .	40
2.1.	Carbon taxes in a selection of countries . . . . .	54
2.2.	Selected voluntary GHG emission reduction programs . . . . .	57
2.3.	Characteristics of different types of targets . . . . .	59
2.4.	Selected voluntary offset standards. . . . .	63
2.5.	Business practices for Green Teams. . . . .	67
3.1.	Selected supply chain partnerships . . . . .	78
3.2.	Government guidance on environmental and climate change-related claims . . . . .	85

## Figures

0.1.	Country coverage of OECD survey . . . . .	24
1.1.	Motivations for undertaking a GHG inventory . . . . .	31
1.2.	Climate change related risks assessed by companies . . . . .	35
1.3.	Reporting frameworks . . . . .	38
2.1.	Motivations to reduce GHG emissions . . . . .	53
2.2.	Actions taken by companies to reduce GHG emissions . . . . .	60
2.3.	Company internalisation of climate change considerations . . . . .	66
3.1.	Mitigation opportunities in the value chain . . . . .	74

3.2.	Measures to trigger suppliers' action to reduce emissions.....	77
3.3.	Usefulness of government measures to engage suppliers .....	80
3.4.	Measures to shape consumer choice .....	87
3.5.	How companies transfer clean technologies .....	94
3.6.	Usefulness of government measures in host countries to support technology transfer.....	95
