✅ As a valued development partner, Sweden...

- Actively champions the multilateral system
- Provides one third of its ODA through CSOs
- Takes a multi-dimensional approach to poverty
- Is an effective humanitarian donor

...providing long-term core funding and working to improve effectiveness.  
...as an integral part of pursuing democratic space.  
...as part of its pledge to leave no one behind.  
...providing long-term and predictable support to protracted crises.

**Sweden should do more to...**

- Consolidate its policy priorities.
- Allocate a higher share of ODA to priority countries.
- Ensure adequate staff capacity to deliver a growing and increasingly complex programme.
