

Side event at COP19 - Warsaw

Towards improved data and methodologies for tracking private climate finance

Wednesday 13 November || 15:30-17:30

EU Side-Events Room 'Brussels' || National Stadium, 1st floor

The Research Collaborative is an OECD-led network of research organisations, international finance institutions and governments. The side event features presentations and discussions of on-going activities and initial results, including on methods for measuring mobilisation of private climate finance.

Agenda

1 Welcome and opening remarks - *Stefan Schwager, Switzerland / SCF Co-Chair* **15:30**

2 Overall project presentation - *Raphaël Jachnik, OECD*

3 Private climate finance mapping, data assessment and tracking methods **15:50**

Bonds and Climate Change: market sizing and methodological challenges - *Sean Kidney, Climate Bonds Initiative*

Tracking private flows at the recipient end: current status and issues - *Charles Mulenga, Zambian Institute for Environmental Management*

Comments and input from panellists

Questions from the audience

4 Methods for determining mobilised private climate finance **16:30**

Existing methods for measuring mobilised private climate finance - *Shelagh Whitley, Overseas Development Institute*

Qualitative case testing of methodologies and framework development - *Benoit Lefevre, World Resources Institute*

Comments and input from panellists

Questions from the audience

The Research Collaborative would like to thank Australia, France, Germany, the Nordic Council of Ministers, Switzerland, the United Kingdom and the United States of America for their funding of the project in 2012-13.
