

## AGENDA

### Mainstreaming Biodiversity in Development and the SDGs: sharing and developing workable solutions

Date and Time: Sunday, 11th December 2016, 08:30 – 18:00

Venue: Side Events 3 Room, The Universal Centre, Cancun, Mexico

Organizers: UNEP-WCMC, IIED and SCBD

#### Objectives

- To take stock of existing biodiversity mainstreaming initiatives.
- To share case studies of how governments are linking NBSAPs and biodiversity considerations with sectoral priorities and development planning and SDGs implementation processes.
- To share examples of successful and less successful approaches, solutions to identified barriers, and how better collaboration amongst international and national organisations can help to increase the impacts of mainstreaming.
