IMPORTANT

Delegates participating in this meeting should be advised that the security arrangements in force at the OECD include the obligation to present an identity document bearing a photograph.

This document will be requested at the time of issuing Delegates' cards for the meeting. Subsequently, it should also be presented, together with the card, every time OECD premises are entered from the outside.

It is desirable that Delegates should be made aware of this requirement in order to avoid any difficulty in obtaining entry.

Please note that in a spirit of paper economy and for environmental purposes, extra copies of the documents listed on the agenda will henceforth no longer be available in the meeting room. Delegates are invited to bring with them the copies they receive through OLIS or paper mail or to obtain further copies from their respective National Delegation to OECD.

Please also note that the OECD has introduced an Event Management System, which provides Delegates with information about OECD meetings, relevant documents, participants, etc. You can consult this system through OLISnet, by clicking on the Events and People link.

Delegates are informed that meetings rooms are "non smoking" areas.
