

Laurent FRIDERES is Head of Unit for Evidence and Outreach at ESPON EGTC. He co-ordinates applied research projects, targeted analyses and evidence support, territorial monitoring and tools, and outreach activities to inspire policy makers. Before joining ESPON, Laurent was a senior manager in public sector consulting at PwC and a lecturer in economic geography at the University of Cambridge. Laurent has edited several reports by ESPON and DG Grow on the digital transformation of public services, industry and enterprises.
