Project Consortium

- Australian Council for Educational Research (ACER)
- CApStAn Linguistic Quality Control (Belgium)
 Deutsches Institut für Internationale Pädagogische Forschung (DIPF, Germany)
 Educational Testing Service (ETS, USA)

- Educational Testing Service (ETS, USA)
 Institutt for Lærerutdanning og Skoleutvikling (ILS, Norway)
 Leibniz Institute for Science and Mathematics Education (IPN, Germany)
 National Institute for Educational Policy Research (NIER, Japan)
 The Tao Initiative: CRP Henri Tudor and Université de Luxembourg EMACS (Luxembourg)
- Unité d'analyse des systèmes et des pratiques d'enseignement (aSPe, Belgium)
 Westat (USA)

In this booklet you will find questions about:

- You (Section A)
- Your Family and Home (Section B)
- Learning Mathematics (Section C1 and Section C2)
- Your Problem Solving Experiences (Section F)

Please read each question carefully and answer as accurately as you can. In the test you usually circle your answers. For this questionnaire, you will normally answer by ticking a box. For a few questions you will need to write a short answer.

If you make a mistake when ticking a box, cross out your error and check the correct box. If you make an error when writing an answer, simply cross it out and write the correct answer next to it.

In this questionnaire, there are no 'right' or 'wrong' answers. Your answers should be the ones that are 'right' for you.

You may ask for help if you do not understand something or are not sure how to answer a question.

Your answers will be combined with others to make totals and averages in which no individual can be identified. All your answers will be kept confidential.

SECTION <A>: ABOUT YOU

STO

			ST01
Q1	What <grade> are you i</grade>	n?	
			ST02
Q2	Which one of the follow	ing <pre>cing <pre>cing <pre>cing</pre></pre></pre>	
	(Please tick only one box.)		
	<programme 1=""></programme>		
	<programme 2=""></programme>		
	<programme 3=""></programme>	\square_3	
	<programme 4=""></programme>		
	<programme 5=""></programme>	₅	
	<programme 6=""></programme>		

On v	what date were you b	orn?	
(Plea	ase write the day, month	and year you were born.)	
		19	
Da	y Month	Year	
Are y	ou female or male?		
Fema	le Male		
Did	you attend <isced (<="" td=""><td>)>?</td><td></td></isced>)>?	
No			
Yes,	for one year or less		
Yes,	for more than one year	\square_3	

Q6	How old were you when you started <isced 1="">?</isced>				
		Y	ears		
					ST0
Q7	Have you ever re	epeated a <gra< td=""><td>de>?</td><td></td><td></td></gra<>	de>?		
	(Please tick only on	ne box in each rov	w.)		
		No, never	Yes, once	Yes, twice or more	
	a) At <isced 1=""></isced>				
	b) At <isced 2=""></isced>				
	c) At <isced 3=""></isced>			\square_3	

Q8	In the last two full weeks of arrive late for school?	school, how many times did you
	(Please tick only one box.)	
	None	
	One or two times	
	Three or four times	\square_3
	Five or more times	\square_4
		ST09
Q9	In the last two full weeks of <skip> a whole school day?</skip>	school, how many times did you
	(Please tick only one box.)	
	None	
	One or two times	
	Three or four times	\square_3
	Five or more times	\square_4

Q10 In the last two full weeks of school, how many times did you <skip> some classes?

(Please tick only one box.)	
None	
One or two times	
Three or four times	\square_3
Five or more times	4

SECTION : ABOUT YOUR FAMILY AND HOME

In this section you will be asked some questions about your family and your home.

Some of the following questions are about your mother and father or those persons who are like a mother or father to you — for example, guardians, step-parents, foster parents, etc.

If you share your time with more than one set of parents or guardians, please answer the following questions for those parents/guardians you spend the most time with.

ST11

Q11 Who usually lives at <home> with you?

	Yes	No
a) Mother (including stepmother or foster mother)		
b) Father (including stepfather or foster father)		
c) Brother(s) (including stepbrothers)		
d) Sister(s) (including stepsisters)		
e) Grandparent(s)		
f) Others (e.g. cousin)		

Q12	What is your mother's main job? (e.g. school teacher, kitchen-hand	d, sales manager)
	(If she is not working now, please tell u	s her last main job.)
	Please write in the job title.	
Q13	What does your mother do in her (e.g. teaches high school student meals in a restaurant, manages a	s, helps the cook prepare
	Please use a sentence to describe the ki that job.	nd of work she does or did in
Q14	What is the <highest level="" of="" scho<="" th=""><th>ooling> completed by your</th></highest>	ooling> completed by your
	If you are not sure which box to choose administrator> for help.	, please ask the <test< th=""></test<>
	(Please tick only one box.)	
	<isced 3a="" level=""></isced>	\square_1
	<isced 3b,="" 3c="" level=""></isced>	
	<isced 2="" level=""></isced>	\square_3
	<isced 1="" level=""></isced>	\square_4
	She did not complete <isced 1="" level=""></isced>	

Q15 Does your mother have any of the following qualifications?

—	2000 your mounts mare unity	o	9 9		-
	If you are not sure how to answer administrator> for help.	this questio	n, please as	sk the <test< th=""><th><u>.</u></th></test<>	<u>.</u>
	(Please tick one box in each row.))			
		Yes	No		
í	a) <isced 6="" level=""></isced>		\square_2		
ł	b) <isced 5a="" level=""></isced>		\square_2		
Ć	c) <isced 5b="" level=""></isced>		\square_2		
C	d) <isced 4="" level=""></isced>				
					ST15
Q16	What is your mother current	ly doing?			
	(Please tick only one box.)				
	Working full-time <for pay=""></for>				
	Working part-time <for pay=""></for>				

Not working, but looking for a job

Other (e.g. home duties, retired)

Q17	What is your father's main job? (e.g. school teacher, kitchen-hand, sales manager)				
	(If he is not working now, please tell t	us his last main job.)			
	Please write in the job title.				
Q18	What does your father do in his (e.g. teaches high school studer meals in a restaurant, manages	nts, helps the cook prepare			
	Please use a sentence to describe the job.	kind of work he does or did in that			
Q19	What is the <highest father?<="" level="" of="" sch="" th=""><th>ST17 nooling> completed by your</th></highest>	ST17 nooling> completed by your			
	If you are not sure how to answer this administrator> for help.	question, please ask the <test< th=""></test<>			
	(Please tick only one box.)				
	<isced 3a="" level=""></isced>				
	<isced 3b,="" 3c="" level=""></isced>				
	<isced 2="" level=""></isced>	\square_3			
	<isced 1="" level=""></isced>				
	He did not complete <isced 1="" level=""></isced>				

Q20

Q20		Does your father have any of the following qualifications?			
		If you are not sure which box to choos administrator> for help.	se, please	ask the <test< th=""><th></th></test<>	
		(Please tick one box in each row.)			
			Yes	No	
	a)	<isced 6="" level=""></isced>		\square_2	
	b)	<isced 5a="" level=""></isced>			
	c)	<isced 5b="" level=""></isced>		\square_2	
	d)	<isced 4="" level=""></isced>			
					ST19
Q21		What is your father currently do	ing?		
		(Please tick only one box.)			
		Working full-time <for pay=""></for>			
		Working part-time <for pay=""></for>	\square_2		
		Not working, but looking for a job	$\square_{_3}$		

Other (e.g. home duties, retired)

Q22 In what country were you and your parents born?

Q23

(Please tick one box in each column.) You Mother Father <Country A> <Country B> <Country C> <Country D> <...etc.> Other country **ST21** If you were NOT born in <country of test>, how old were you when you arrived in <country of test>? If you were less than 12 months old, please write zero (0). If you were born in <country of test> please skip this question and go to Q < x >. Years

Q24 What language do you speak at home most of the time?

(Please tick only one box.)		
<language 1=""></language>	<xxx></xxx>	
<language 2=""></language>	<xxx></xxx>	
<language 3=""></language>	<xxx></xxx>	
<etc.></etc.>	<xxx></xxx>	
Other language		

Q25 Which of the following are in your home?

	Yes	No
a) A desk to study at		\square_2
b) A room of your own		\square_2
c) A quiet place to study		\square_2
d) A computer you can use for school work		\square_2
e) Educational software		\square_2
f) A link to the Internet		\square_2
g) Classic literature (e.g. <shakespeare>)</shakespeare>		\square_2
h) Books of poetry		\square_2
i) Works of art (e.g. paintings)	1	\square_2
j) Books to help with your school work		\square_2
k) <technical books="" reference=""></technical>		\square_2
l) A dictionary		\square_2
m) A dishwasher		\square_2
n) A <dvd> player</dvd>		
o) <country-specific 1="" item="" wealth=""></country-specific>		
p) <country-specific 2="" item="" wealth=""></country-specific>		
a) <country-specific 3="" item="" wealth=""></country-specific>		

Q26 How many of these are there at your home?

	(
		None	One	Two	Three or more
	a) Cellular phones				4
	b) Televisions				\Box_4
	c) Computers				4
	d) Cars				4
	e) Rooms with a bath or shower				\Box_4
					ST28
Q27	How many books are th	nere in your	home?		
	There are usually about 40 magazines, newspapers, or			ing. Do no	ot include
	(Please tick only one box.)				
	0-10 books	1			
	11-25 books				
	26-100 books	\square_3			
	101-200 books				
	201-500 books	₅			
	More than 500 books				

SECTION <C1>: ABOUT LEARNING MATHEMATICS

ST29

Q28 Thinking about your views on mathematics: to what extent do you agree with the following statements?

	Strongly agree	Agree	Disagree	Strongly disagree
a) I enjoy reading about mathematics.				
b) Making an effort in mathematics is worth it because it will help me in the work that I want to do later on.				
c) I look forward to my mathematics lessons.				
d) I do mathematics because I enjoy it.				
e) Learning mathematics is worthwhile for me because it will improve my career <pre> <pre>prospects, chances>.</pre></pre>				
f) I am interested in the things I learn in mathematics.				
g) Mathematics is an important subject for me because I need it for what I want to study later on.				
h) I will learn many things in mathematics that will help me get a job.				

Q29 Thinking about how people important to you view mathematics: how strongly do you agree with the following statements?

	Strongly agree	Agree	Disagree	Strongly disagree
a) Most of my friends do well in mathematics.	1	\square_2	\square_3	4
b) Most of my friends work hard mathematics.	d at	2	\square_3	4
c) My friends enjoy taking math tests.	nematics		\square_3	4
d) My parents believe it's imporme to study mathematics.	rtant for		\square_3	4
e) My parents believe that mather important for my career.	ematics is		\square_3	4
f) My parents like mathematics.				

Q30 How confident do you feel about having to do the following mathematics tasks?

	Very confident	Confident	Not very confident	Not at all confident
a) Using a <train timetable=""> to work out how long it would take to get from one place to another.</train>			\square_3	4
b) Calculating how much cheaper a TV would be after a 30% discount.				\square_4
c) Calculating how many square metres of tiles you need to cover a floor.			\square_3	4
d) Understanding graphs presented in newspapers.			\square_3	\square_4
e) Solving an equation like $3x+5=17$.	1	\square_2	\square_3	\square_4
f) Finding the actual distance between two places on a map with a 1:10,000 scale.			\square_3	4
g) Solving an equation like $2(x+3) = (x+3)(x-3)$.			\square_3	\square_4
h) Calculating the petrol consumption rate of a car.			\square_3	\square_4

Q31 Thinking about your mathematics lessons: to what extent do you agree with the following statements?

		Strongly agree	Agree	Disagree	Strongly disagree
	I put in enough effort I can succeed mathematics.				4
,	Thether or not I do well in athematics is completely up to me.				\square_4
pı	amily demands or other problems revent me from putting a lot of time ato my mathematics work.				\square_4
	I had different teachers, I would try arder in mathematics.			\square_3	\square_4
,	I wanted to, I could do well in athematics.			\square_3	\Box_4
	do badly in mathematics whether or				4

Q32 Suppose that you are a student in the following situation:

Each week, your mathematics teacher gives a short quiz. Recently you have done badly on these quizzes. Today you are trying to figure out why.

How likely are you to have these thoughts or feelings in this situation?

	Very likely	Likely	Slightly likely	Not a all likely
a) I'm not very good at solving mathematics problems.		2	\square_3	\square_4
b) My teacher did not explain the concepts well this week.	1	2	\square_3	\square_4
c) This week I made bad guesses on the quiz.		\square_2	\square_3	\square_4
d) Sometimes the course material is too hard.		2	3	\square_4
e) The teacher did not get students interested in the material.	1	2	\square_3	\square_4
f) Sometimes I am just unlucky.				

Q33 Thinking about the mathematics you do for school: to what extent do you agree with the following statements?

	Strongly agree	Agree	Disagree	Strongly disagree
a) I finish my homework in time for mathematics class.			\square_3	4
b) I work hard on my mathematics homework.			\square_3	4
c) I am prepared for my mathematics exams.			\square_3	4
d) I study hard for mathematics quizzes.			\square_3	4
e) I keep studying until I understand mathematics material.			\square_3	4
f) I pay attention in mathematics class	S1		\square_3	4
g) I listen in mathematics class.			\square_3	
h) I avoid distractions when I am studying mathematics.		2	3	4
i) I keep my mathematics work well organised.	1		\square_3	4

Q34 For each pair of statements, please choose the item that best describes you.

<i>a</i>)	Please tick only one of the following two boxes.
	\square_1 I intend to take additional mathematics courses after school finishes.
	\square_2 I intend to take additional <test language=""> courses after school finishes.</test>
<i>b</i>)	Please tick only one of the following two boxes.
c)	Please tick only one of the following two boxes.
	\square_1 I am willing to study harder in my mathematics classes than is required.
	\square_2 I am willing to study harder in my <test language=""> classes than is required.</test>
<i>d</i>)	Please tick only one of the following two boxes.
u)	
	I plan on <taking> as many mathematics classes as I can during my education.</taking>
	\square_2 I plan on <taking> as many science classes as I can during my education.</taking>
<i>e</i>)	Please tick only one of the following two boxes.
	☐₁ I am planning on pursuing a career that involves a lot of mathematics
	\square_2 I am planning on pursuing a career that involves a lot of science.

Q35 How often do you do the following things at school and outside of school?

	almost always	Often	Sometimes	Never o rarely
a) I talk about mathematics problems with my friends.		\square_2	\square_3	
b) I help my friends with mathematics.			\square_3	\square_4
c) I do mathematics as an <extracurricular> activity.</extracurricular>			\square_3	\square_4
d) I take part in mathematics competitions.			\square_3	
e) I do mathematics more than 2 hours a day outside of school.	S1	\square_2	3	\square_4
f) I play chess.		2	\square_3	4
g) I program computers.		\square_2	\square_3	\Box_4
h) I participate in a mathematics club.	1	\square_2	\square_3	\square_4

SECTION <F>: ABOUT YOUR PROBLEM SOLVING EXPERIENCES

ST93

Q36 How well does each of the following statements below describe you?

	Very much like me	Mostly like me	Somewhat like me	Not much like me	Not a all lik me
a) When confronted with a problem, I give up easily.		2	\square_3	\square_4	
b) I put off difficult problems.		\square_2	\square_3	\square_4	
c) I remain interested in the task that I start.	s			4	
d) I continue working on tasks until everything is perfect.			\square_3	4	
e) When confronted with a problem, I do more than what is expected of me				4	

Q37 How well does each of the following statements below describe you?

	Very much like me	Mostly like me	Somewhat like me	Not much like me	Not at all like me
a) I can handle a lot of information.		\square_2	\square_3	4	
b) I am quick to understand things.		\square_2	\square_3	\square_4	
c) I seek explanations for things.			\square_3	4	
d) I can easily link facts together.		\square_2	\square_3	4	
e) I like to solve complex problems.		\square_2	\square_3		

Suppose that you have been sending text messages from your mobile phone for several weeks. Today, however, you can't send text messages. You want to try to solve the problem.

What would you do? For each suggestion, tick the option that best applies to you.

	I would definitely do this	I would probably do this	I would probably not do this	I would definitely not do this
a) I press every button possible to find out what is wrong.	\square_1		3	4
b) I think about what might have caused the problem and what I can do to solve it.	1			4
c) I read the manual.			\square_3	4
d) I ask a friend for help.		\square_2	\square_3	\square_4

Suppose that you are planning a trip to the zoo with your brother. You don't know which route to take to get there.

What would you do? For each suggestion, tick the option that best applies to you.

	I would definitely do this	I would probably do this	I would probably not do this	I would definitel not do this
a) I read the zoo brochure to see if it says how to get there.		\square_2	3	\square_4
b) I study a map and work out the be route.	est1	\square_2	\square_3	4
c) I leave it to my brother to worry about how to get there.		\square_2	\square_3	4
d) I know roughly where it is, so I suggest we just start driving.			\square_3	\Box_4

Q40 Suppose that you arrive at the train station. There is a ticket machine that you have never used before. You want to buy a ticket.

What would you do? For each suggestion, tick the option that best applies to you.

	I would definitely do this	I would probably do this	I would probably not do this	I would definitely not do this
a) I check how similar it is to other ticket machines I have used.	er1		3	4
b) I try out all the buttons to see what happens.			\square_3	4
c) I ask someone for help.			\square_3	4
d) I try to find a ticket office at the station to buy a ticket.	e		\square_3	4

SECTION <C2>: MORE QUESTIONS ABOUT LEARNING MATHEMATICS

ST53

Q41 For each group of three items, please choose the item that best describes your approach to mathematics.

<i>a) F</i>	Please	tick only one of the following three boxes.
		When I study for a mathematics test, I try to work out what the most important parts to learn are.
		When I study for a mathematics test, I try to understand new concepts by relating them to things I already know.
	\square_3	When I study for a mathematics test, I learn as much as I can off by heart.
b) F	Please	tick only one of the following three boxes.
		When I study mathematics, I try to figure out which concepts I still have not understood properly
		When I study mathematics, I think of new ways to get the answer.
	\square_3	When I study mathematics, I make myself check to see if I remember the work I have already done
c) F	Please	tick only one of the following three boxes.
		When I study mathematics, I try to relate the work to things I have learnt in other subjects.
		When I study mathematics, I start by working out exactly what I need to learn.
	\square_3	When I study mathematics, I go over some problems so often that I feel as if I could solve them in my sleep.
d) F	Please	tick only one of the following three boxes.
		In order to remember the method for solving a mathematics problem, I go through examples again and again.
		I think about how the mathematics I have learnt can be used in everyday life.
	\square_3	When I cannot understand something in mathematics, I always search for more information to clarify the problem.

Q42 How many hours do you typically spend per week attending <out-of-school-time lessons> in the following subjects?

These are only lessons in subjects that you are also learning at school, which you spend learning extra time on outside of normal school hours. The lessons may be given at your school, at your home or somewhere else.

	I do not attend <out-of- lessons="" school-time=""> in this subject</out-of->	Less than 2 hours a week	2 or more but less than 4 hours a week	4 or more but less than 6 hours a week	6 or more hours a week
a) <test language=""></test>		\square_2	\square_3	\Box_4	\square_{5}
b) Mathematics		\square_2	\square_3	\Box_4	\square_5
c) <science></science>		\square_2	\square_3	\Box_4	\square_5
d) Other Subjects	1		\square_3	\Box_4	\Box_5

Q43 Thinking about all school subjects: on average, how many hours do you spend each week on the following?

When answering, include time spent on the weekend too.

a)	Homework or other study set by your teachers	hours per week
b)	Out of the time spent in (a), how many hours do you work on your homework with somebody overlooking and providing help if necessary ("guided homework"), either at school or elsewhere?	hours per week
c)	Work with a personal <tutor> (whether paid or not)</tutor>	hours per week
d)	Attend out of school classes organised by a commercial company, and paid for by your parents	hours per week
e)	Study with a parent or other family member	hours per week
f)	Repeat and train content from school lessons by working on a computer (e.g. learn vocabulary with training software)	hours per week

Q44 How often have you encountered the following types of mathematics tasks during your time at school?

		Frequently	Sometimes	Rarely	Never
a)	Working out from a <train timetable=""> how long it would take to get from one place to another.</train>	1		\square_3	4
b)	Calculating how much more expensive a computer would be after adding tax.	1		\square_3	\Box_4
c)	Calculating how many square metres of tiles you need to cover a floor.	1		3	4
d)	Understanding scientific tables presented in an article.		\square_2	\square_3	\square_4
e)	Solving an equation like $6x^2 + 5 = 29$	1		3	4
f)	Finding the actual distance between two places on a map with a 1:10,000 scale.			3	4
g)	Solving an equation like $2(x+3) = (x+3)(x-3)$			3	\Box_4
h)	Calculating the power consumption of an electronic appliance per week.			\square_3	4
i)	Solving an equation like $3x+5=17$.			\square_3	\square_4

Q45 Thinking about mathematical concepts: how familiar are you with the following terms?

		Never heard of it	Heard of it once or twice	Heard of it a few times	Heard of it often	Know it well, understand the concept
a)	Exponential Function		\square_2	\square_3	4	5
b)	Divisor		\square_2	\square_3	4	5
c)	Quadratic Function		\square_2	\square_3	4	5
d)	<proper number=""></proper>		\square_2	\square_3	4	5
e)	Linear Equation		\square_2	\square_3	4	5
f)	Vectors		\square_2	\square_3	4	5
g)	Complex Number	1	\square_2	\square_3	4	5
h)	Rational Number	1	\square_2	\square_3	4	5
i)	Radicals		\square_2	\square_3	4	5
j)	<subjunctive scaling=""></subjunctive>	1	\square_2	\square_3	4	5
k)	Polygon	1	\square_2	\square_3	4	5
1)	<declarative fraction=""></declarative>	1	\square_2	\square_3	\square_4	5
m)	Congruent Figure	1	\square_2	\square_3	4	5
n)	Cosine	1	\square_2	\square_3	\square_4	5
o)	Arithmetic Mean	1	\square_2	\square_3	4	5
p)	Probability			\square_3	4	\square_5

Q46		How many minutes, on average, are t period> for the following subjects?	here in a <class< th=""></class<>
	a)	Minutes in a <class period=""> in < test language>:</class>	Minutes
	b)	Minutes in a <class period=""> in mathematics:</class>	Minutes
	c)	Minutes in a <class period=""> in <science>:</science></class>	Minutes
			ST70
Q47		How many <class periods=""> per week for the following subjects?</class>	do you typically have
	a)	Number of <class periods=""> per week in <test language="">:</test></class>	<class periods=""></class>
	b)	Number of <class periods=""> per week in mathematics:</class>	<class periods=""></class>
	c)	Number of <class periods=""> per week in <science>:</science></class>	<class periods=""></class>
			ST7 ⁻
Q48		In a normal, full week at school, how do you have <in total="">?</in>	many <class periods=""></class>
Numbe	er of	ALL <class periods=""></class>	<class periods></class
			ST72
Q49		On average, about how many student language> class?	s attend your <test< td=""></test<>
		students	

The next four questions are about your experience with different kinds of mathematics problems at school. You will see descriptions of problems and grey-coloured boxes, each containing a mathematics problem.

Please read each problem. You do NOT need to solve it.

ST73

- **Q50** In the box is a series of problems. Each requires you to understand a problem written in text and perform the appropriate calculations. Usually the problem talks about practical situations, but the numbers and people and places mentioned are made up. All the information you need is given. Here are two examples:
 - 1) <Ann> is two years older than <Betty> and <Betty> is four times as old as <Sam>. When <Betty> is 30, how old is <Sam>?
 - 2) Mr <Smith> bought a television and a bed. The television cost <\$625> but he got a 10% discount. The bed cost <\$200>. He paid <\$20> for delivery. How much money did Mr <Smith> spend?

We want to know about your experience with these types of word problems at school. Do not solve them!

		Frequently	Sometimes	Rarely	Never
a) How often have you encountered these ty problems in your m lessons?	ypes of	1		\square_3	4
b) How often have you encountered these ty problems in the test taken at school?	ypes of			3	\square_4

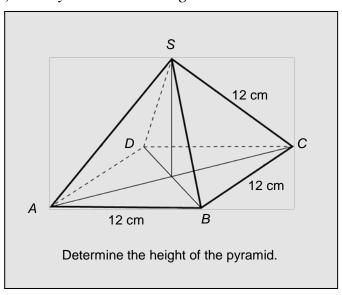

Q51 Below are examples of another set of mathematical skills.

1) Solve 2x + 3 = 7.
2) Find the volume of a box with sides 3m, 4m and 5m.

We want to know about your experience with these types of problems at school. Do not solve them!

		Frequently	Sometimes	Rarely	Never
a)	How often have you encountered these types of problems in your mathematics lessons?			\square_3	4
b)	How often have you encountered these types of problems in the tests you have taken at school?			\square_3	4

- In the next type of problem, you have to use mathematical knowledge and draw conclusions. There is no practical application provided. Here are two examples.
 - 1) Here you need to use geometrical theorems:

2) Here you have to know what a prime number is:

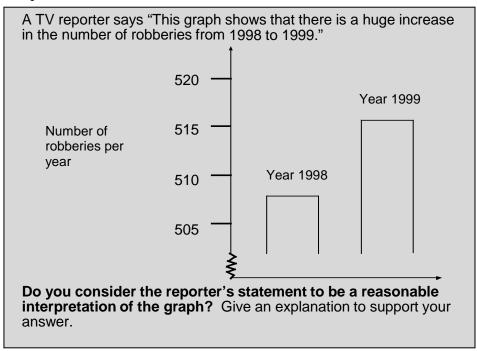

If n is any number: can $(n+1)^2$ be a prime number?

We want to know about your experience with these types of problems at school. Do not solve them!

	Frequently	Sometimes	Rarely	Never
a) How often have you encountered these types of problems in your mathematics lessons?	\square_1		\square_3	4
b) How often have you encountered these types of problems in the tests you have taken at school?			\square_3	4

Q53 In this type of problem, you have to apply suitable mathematical knowledge to find a useful answer to a problem that arises in everyday life or work. The data and information are about real situations. Here are two examples.

Example 1:

Example 2:

For years the relationship between a person's recommended maximum heart rate and the person's age was described by the following formula:

Recommended maximum heart rate = 220 - age

Recent research showed that this formula should be modified slightly. The new formula is as follows:

Recommended maximum heart rate = $208 - (0.7 \times age)$

From which age onwards does the recommended maximum heart rate increase as a result of the introduction of the new formula? Show your work.

We want to know about your experience with these types of problems at school. Do not solve them!

(Please check only one box in each row.)

	Frequently	Sometimes	Rarely	Never
a) How often have you encountered these types of problems in your mathematic lessons ?	es		\square_3	4
b) How often have you encountered these types of problems in the tests you hav taken at school?	e □₁		\square_3	\square_4

Thank you very much for your co-operation in completing this questionnaire!
