a.	<ul style="list-style-type: none"> Are roll-back of APAs provided for in the bilateral APA programmes? 	Yes	<p>In principle, an application for an APA should be submitted before the intended transactions take place. However, for practical reasons, we permit an APA to start on the 1st day of the financial year, even though transactions already took place between the first day of the financial year and the date of submission, on the understanding that the application is submitted at the latest on the last day of that financial year.</p> <p>When the relevant facts and circumstances are identical as those in previous tax years, the taxpayer can ask for a roll-back. In that case, the outcome of the APA could also be applied for the previous years.</p> <p>Roll-back can only be permitted if the applicable time limits (such as the tax assessment terms) allow this. For Belgium this means that roll-back can be applied provided that the relevant facts and circumstances of the previous years are identical <u>AND</u> the tax assessment terms for those years are not expired yet.</p>	https://finance.belgium.be/sites/default/files/downloads/126-mutual-agreement-apa-faq-20210312.pdf (English version)

4.	Is other information available on preventing tax treaty-related disputes?	No	-	-

Notes:

1. An APA is an “arrangement that determines, in advance of controlled transactions, an appropriate set of criteria (e.g. method, comparables and appropriate adjustments thereto, critical assumptions as to future events) for the determination of the transfer pricing for those transactions over a fixed period of time”. (see definition of APA in the *OECD Transfer Pricing Guidelines for Multinational Enterprises and Tax Administrations* (“Transfer Pricing Guidelines”).
2. Situations may arise in which the issues resolved through an APA are relevant with respect to previous filed tax years not included within the original scope of the APA. The concept of “roll-back” is further elaborated in paragraph 4.136 of Section F (Advance pricing arrangement) of Chapter IV of the Transfer Pricing Guidelines and in paragraph 69 of Section D.4.2 (Possible retrospective application (“Roll back”)) of the Annex to Chapter IV (Guidelines for Conducting Advance Pricing Arrangements under the Mutual Agreement Procedure (“MAP APAs”)) of the Transfer Pricing Guidelines. Simply put, the “roll-back” of the APA is understood to mean that the outcome of the APA is applied to previous filed tax years not included within the original scope of the APA.
